

5 Year manufacturer warranty

SP Blinds warrants each blind manufactured to be free from defects in material and workmanship, under normal use and conditions for a period of 5 years. SP Blinds will repair or replace any blind that proves to be defective within the limits of this warranty.

It is the purchaser's responsibility to return, at their own expense, any defective goods to SP Blinds. Call out charge for repair and reinstallation shall apply.

This warranty shall apply to:

- Workmanship
- Operating mechanism – including chain control and springs
- All components – including head tube, bottom bars, brackets
- Motors and electronics

This warranty shall not apply under the following circumstances:

- Any product that has been ordered outside of our recommended specification
- Incorrect installation or wiring

- Misuse of the product, negligence or improper maintenance
- Accidental damage
- Fading or discolouration of fabric
- Skylight or non-standard blinds

SP Blinds' products are manufactured with high quality materials and components; however some colour fading and shrinkage are completely normal and should be expected under New Zealand's high UV levels during the life time of the blind.

NOTE: In no event shall SP Blinds or its distributor be liable or responsible for incidental or consequential damages or for any other indirect damage, loss, cost or expense.

Different warranty terms and periods apply to commercial products and applications.
